Thanks Mike. I will send it on to my QA group, but I don't think I ever received a schedule for the work you are currently doing.

When did you start excavating building J, how long do you anticipate it taking, when will you initiate work outside Building I, etc.

I realize things may change, but for oversight purposes, you are required to provide this information. You can provide updates by email as schedules are adjusted. We have conditionally approved this work without all the usual detail in an attempt to let you move forward quickly, but because of this, we need to be kept informed about onsite activities.

Please let me know if you have any questions.

Hello Chris,

Attached is the QAPP for Test America Seattle to whom we have submitted samples for dalapon analysis by 8151 MS. I am working on the comprehensive response to comments but wanted to get this in your hands straight away as samples are currently en route to the lab.

Thanks,  
Mike

Good afternoon Mike,

Attached is the Test America Quality Assurance Manual and the reporting/MDL limits for dalapon soil samples.

Let me know if you have any questions.

Thanks
